

I am sending you this correspondence regarding, KLOVE (WAZP 90.7FM) Radio in Virginia Beach. On a daily bases one is bombarded with negative, and otherwise depressing...news, information, and feelings. Much of this comes from broadcast entities whose constant negative barrage met only for ratings, is sometimes more than one can handle. However here in Virginia Beach KLOVE radio herd on WAZP 90.7FM provides constant encouragement for one to "keep going" even though the daily grind. Our positive attitude keeps us investing our work in this community and ultimately in the economy. All because KLOVE serves the public by providing positive encouragement. A huge void would be created on our radio if KLOVE went off the air to a LPFM broadcaster providing other programming. Don't take my KLOVE away.
